

**Lt Gen USAF (ret) Charles R. "CR" Davis**  
**Experimental Test Pilot—Integrated Mission Systems L3Harris Technologies, Inc.**  
**[crdavisf16@gmail.com](mailto:crdavisf16@gmail.com) +1469-863-6903**

**Flight Ratings**

Commercial ASEL/AMEL, Glider  
CFII ASEL/AMEL

**Flight Times**

4664 total hours—1264 experimental flight test hours—50+ types  
PIC: 4447      Fighter/Attack: 1995  
Multi Engine: 1648      Instructor: 1080

**Flight Qualifications**

- (2023-Current) Current and qualified in AT-802 and OA-1K (205 hours) and Cessna 208B Grand Caravan
- (2014-Current) Active CFII MEL and SEL in Cirrus SR-20, SR-22 and SR-22T PA-23-250, and PA-44
- (1988-2004) Previously conducted experimental flight test in A-7D, F-16 A/B/C/D (all Blocks), F/YF-117A.
- Instructor in F-16, F/YF-117A, T-38A

**Flight Test and Program Management Experience Highlights:**

- (2023-present) L3Harris Experimental Test Pilot –AT-802 and OA-1K, Conducting envelop expansion, propulsion, handling qualities and mission systems testing as L3Harris converts the Air Tractor AT-802 into the USAF's OA-1K.
- (2016-2023) Vice President L3Harris International. Active CFII MEL/SEL
- (2012-2014) Served Military Deputy Assistant Secretary of the Air Force (Acquisition) responsible for research and development, test, production, and modernization of programs worth more than \$40 billion annually. Active CFII SEL
- (2011-2012) Electronic Systems Center Commander and PEO for C3I&N with responsibility for JSTARS, AWACS, and other classified aviation programs.
- (2009-2011) Commander of the Air Armament Center and Air Force Development Test Center at Eglin—flew as an F-16 Experimental Test Pilot and was Program Executive Officer for Weapons.
- (1998-2009) Held a variety of key aircraft program management positions of increasing responsibility: Chief, F-16 Combat Air Programs, F-16 System Program Office; Director F-15 Development and Acquisition, F-15 System Program Office; System Program Director for the T-6A Joint Primary Aircraft Training System; F-15 System Program Director; and F-35 Joint Strike Program Executive Officer.
- (2003-2004) Commanded the 412<sup>th</sup> Test Wing at Edwards—directed flight/logistics test/evaluation of many aircraft to include F/A-22, JSF, ABL, B-2, CV-22, and C-17. Oversaw 260+ priority AF programs. F-16A/B/C/D test pilot.:
- (1995-1997) Commander, 410 Flight Test Squadron F/YF-117A Combined Test Force—led a 100 person F/YF-117A combined flight test, logistics support, and maintenance squadron. Conducted all aspects of F/YF-117A flight test.
- (1988-1993) Served as an A-7 and T-38 Experimental Test Pilot at Edwards; was also A-7 chief pilot and a T-38 Flight Examiner. F-16 A/B/C/D/I Experimental Test Pilot; conducted F-16 avionics tests, high angle of attack flying qualities, flight control software and hardware, loads and flutter, and weapons verification. Conducted evaluations of seven major software block upgrades. Pilot for two new increased performance engines, including air start verification, envelop expansion, and post departure response.

**Education:** Distinguished Grad USAF TPS Class 87B; BS Chemistry US Air Force Academy—Distinguished Grad; MS Mechanical Eng, California State Univ Fresno; MS National Resource Management, Industrial College of the Armed Forces.

**Security Clearance:** TS/SCI—Updated 21 Oct 2022

**Honors:** Associate Fellow Society of Experimental Test Pilots—member since 1990
